

## **DR. PHILEMON CHERIAN**

Dr. Cheriaan is a highly qualified and accomplished professional with a diverse background in the medical field, holding an MBBS degree from Aarupadai Veedu Medical College & Hospital, Pondicherry, and an MD in Forensic Medicine & Toxicology from Justice K. S. Hegde Medical Academy, Mangaluru. He further enriched his expertise by obtaining an MBA in Hospital Administration & Healthcare Management from Dr. D Y Patil Vidyapeeth, Pune. Dr. Cheriaan is currently an Assistant Professor at Dr D Y Patil School of Medicine in Navi Mumbai since October 2019.

His academic journey showcases a commitment to continuous learning, including pursuing a law degree (L.L.B) from Father Agnel School of Law, Vashi, demonstrating his dedication to a comprehensive understanding of healthcare administration. Dr. Cheriaan has proven experience in various aspects of medical and forensic practices, including managing autopsies, crime scene investigations, and medicolegal certifications. He has actively engaged in academic activities during his post-graduation, participating in journal club meetings, clinical case presentations, and inter-departmental clinical meets.

Dr. Cheriaan's prolific participation in seminars, workshops, and conferences reflects his dedication to staying current with advancements in his field. Noteworthy is his paper presentation on stature estimation using craniometric analysis and poster presentation on fatal fat embolism at prestigious conferences. He has also published several research papers in esteemed journals, contributing valuable insights to the field of forensic medicine.

Beyond his professional pursuits, Dr. Cheriaan is a member of various medicolegal associations, showcasing his commitment to professional development and networking. Fluent in multiple languages, including English, Marathi, Hindi, Malayalam, Tamil, and Kannada, Dr. Cheriaan's interests extend to traveling, photography, and various sporting activities. Overall, his comprehensive education, rich experience, and active engagement in academic and research activities make Dr. Cheriaan Philemon Kurian a distinguished and well-rounded professional in the healthcare sector.
